

(a) Different consumers

Forwarding alone does not activate a user.

2 coupons consumed / 2 users activated

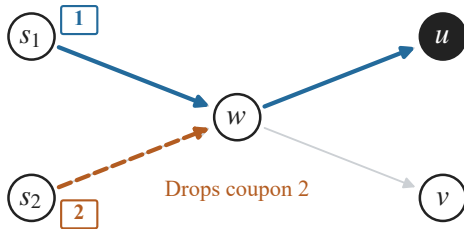

(b) Repeated consumption

The same consumer is counted only once.

2 coupons consumed / 1 user activated

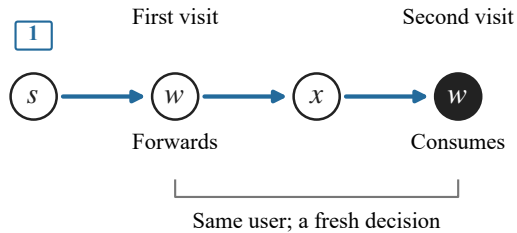

(c) A coupon is dropped

Dropping ends that coupon's propagation.

1 coupon consumed / 1 user activated

(d) Revisiting the same user

One coupon's trajectory, shown in visit order.

1 coupon consumed / 1 user activated
